✔ Any Year of Passing / Graduation

✔ Any Percentage / CGPA

73% of Learners at GQT hail from Non-Technical Background & yet they make their way into the IT Industry. With sheer dedication and commitment, YOU CAN ALSO LEARN TO CODE.

What are you waiting for? Let's say "Hello, World!"

About GQT Technologies

GLOBAL QUEST
TECHNOLOGIES

Global Quest Technologies (GQT) is a professional organization offering training services for both IT and non-IT sectors for campus and corporate across the world. Our primary goal is to ensure that graduates align with industry demands through rigorous technical training, which indirectly nurtures our nation's growth. We constantly enhancing services, not only in core expertise but also in cutting-edge technological domains. It innovates new business opportunities.

Since GQT's establishment, it has been playing a pivotal role in shaping the careers of thousands of technical graduates. We have achieved this by offering many industry-standard courses delivered by our industry experts.

Consequently, this approach guarantees that our technical graduates are well-equipped to fit into a very diverse sector, including SMEs, local authorities, and government agencies.

Mission

GQT's mission is to deliver high-quality education to all aspirants through a practical mode that enhances their knowledge and empowers them to succeed in a rapidly changing world.

Vision

GQT's aim is to achieve excellence in IT training and placements within the EdTech sector while advancing towards being one of the pioneers in technology training and matching Industry 4.0.

Core Values

GLOBAL QUEST
TECHNOLOGIES

Our Programs

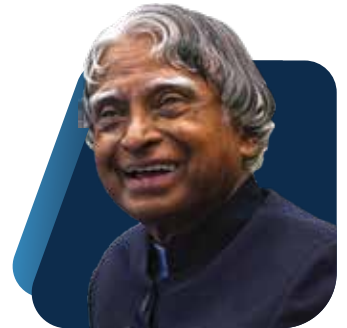

Swami Vivekananda Project

The "**Swami Vivekananda Project**" by Global Quest Technologies is our ambitious initiative to enhance faculty skills. We'll train faculty with industry experts, keeping them updated on current trends and technologies. In the era of Industry 5.0, featuring advanced tech like cloud computing and cybersecurity, GQT aims to equip faculty from diverse colleges with the latest technology.

Inspired by Swami Vivekananda's vision of unity, we pledge that our faculty will contribute to India's technical progress, cementing the nation's status as a prominent technology hub.

Dr. A. P. J. Abdul Kalam Project

GQT's collaboration with government colleges, influenced by Dr. APJ Abdul Kalam's dedication to empowering the underprivileged, aims to bridge the gap between potential and opportunity. We provide mentorship, equip students with technical expertise, and offer pathways to promising careers.

Our unwavering commitment to students extends beyond academics, focusing on holistic development, and ensuring they not only secure jobs but thrive in their professional journeys. We stand as a beacon of support and guidance, keeping Kalam's vision alive in every student's success story.

Our Programs

Dr. Puneeth Rajkumar Social Responsibility (PSR)

"Puneeth Rajkumar Social Responsibility" Program is one of the most esteemed projects of GQT. Through this project, GQT gives a tribute to Mr. Puneeth Rajkumar, one of the most sensational human beings that we have noticed.

Through this program, GQT offers free training and career development opportunities to all those students who possess talents but are not able to afford to get the required knowledge.

GQT will identify such needy candidates and provide them with some of the best training through its expert faculty team to make the industry ready.

These candidates will then start contributing for the betterment of the nation through the technical skills acquired from GQT.

- Salesforce
- Faculty Development Program (FDP)
- Mern Stack / Mean Stack
- Microsoft Azure (MS Azure)
- Amazon Web Services (AWS)
- Ethical Hacking
- Data Analytics
- Digital Marketing
- CCNA
- CCNP
- DevOps
- Cloud Technology
- Cyber Security

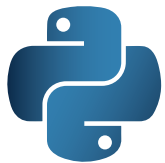

Master Track - 1

Java

- Core Java
- Advance Java & J2EE
- Hibernate
- Spring
- Microservices with Spring Boot
- Spring Security & REST API
- Aptitude and Soft Skills

Complimentary Courses

- **Testing**
 - Manual Testing
 - Automation Testing With Selenium
- **Database**
 - MySQL
 - MongoDB
- **Web technologies**
 - HTML5
 - CSS3
 - JavaScript
 - Bootstrap
- **Placement Necessary Skills**
 - Quantitative Aptitude
 - Verbal & Logical Reasoning
 - Soft skills
 - Campus to Corporate Etiquettes
 - Email Writing
 - Resume Building
 - Personality Development
 - Competitive Coding Practices
 - LinkedIn Profile Building, etc.

Master Track - 2

Python

- Core Java
- Core Python
- Advanced Python
- Networking
- Django
- Aptitude and Soft Skills

Complimentary Courses

- **Testing**

Our Courses

Beginner Track - 1

- Introduction to C
- Data Structures in C
- Aptitude & Soft Skills

Beginner Track - 2

- Introduction to C++
- Data Structures in C++
- Aptitude & Soft Skills

Data Science

- Program Overview
- Statistics Essential for Data Science
- R Programming for Data Science
- Python for Data Science
- Data Science with Python
- Machine Learning / Deep Learning / AI
- Tableau Desktop
- Natural Language Processing
- JULIA for Data Science
- Projects in Data Science

Faculty Development Program

- General Topics
- Expectation Setting
- Out of Box Thinking
- Relationship Management
- Creativity in Teaching
- Stress Management
- Motivation Skills
- Interpersonal Skills
- Personality Check

Mern Stack / Mean Stack

- HTML5, CSS3 & JavaScript Bootstrap
- MongoDB
- Express JS
- Angular JS/React JS
- Node.js

Salesforce

- Sales Force CRM Training Overview
- Sales Force CRM Course Content
- Sales force Administration
- Sales force Development
- APEX

Amazon Web Services

- Linux Fundamentals
- Introduction to Clouding Computing
- AWS – An Overview
- Understanding Identity Access Management of AWS
- EC2 Instance
- Auto – Scaling
- Load Balancing
- Divide into columns for sub topics if more are there utilize the space

Ethical Hacking

- Introduction to Ethical Hacking
- Foot Printing
- Scanning
- Hacking Web Servers & Web Applications
- Session Hijacking
- SQL Injection
- Evading Firewalls, IDS & Honey pots

Microsoft Azure (MS Azure)

- Introduction to Azure
- AZ-100 Microsoft Azure Infrastructure & Deployment
- AZ-101 Microsoft Azure Integration & Security

Digital Marketing

- Digital Marketing Fundamentals
- Website Planning & Structure
- Face book Marketing Fundamentals
- Google Ad words Basics
- YouTube Marketing Fundamentals
- Email Marketing – Content Writing
- Marketing Automation

CCNA

- Network Fundamentals
- Network Access
- LAN Switching Technologies
- WAN Technologies
- IP Addressing IPv4 and IPv6
- Easy Subnetting
- IP Connectivity
- Describe the Routing Concepts
- Routing Technologies
- Describe IP Services
- Security Fundamentals
- NAT Technologies
- Troubleshooting

DevOps

- Introduction to DevOps
- Module 2: GIT - A version control tool
- Jenkins - Continuous integration
- Docker – A containerization technology
- Ansible – A configuration Management
- DevOps on Cloud

CCNP

- Introduction to Router & Routing Protocols
- Enhanced Interior Gateway Routing Protocol
- Open Shortest Path First
- Route Redistribution
- Advance Redistribution
- Border Gateway Protocol
- IP Version 6 Addressing

Cyber Security

- Introduction to Cyber security Module
- Cryptography Module
- Computer Networks & Security Module
- Application & Web Security Module

- IdAM (Identity & Access Management) Module
- Vulnerability Analysis & System Hacking Module
- Sniffing and SQL Injection Module
- DoS and Session Hijacking

Data Analytics

- Microsoft Excel (Basics, Intermediate & Advanced)
- MySQL
- Introduction to Power BI/Tableau
- Data Visualization & Dashboard
- Data Modelling & Transformation
- Data Analysis Techniques
- Advanced Data Visualization
- DAX (Data Analysis Expressions) & Calculations (Power BI)
- Calculated Fields and Sets (Tableau)
- Data Integration & Data Sources
- Time-Series Analysis
- Data Storytelling
- Data Sharing and Collaboration
- Performance Optimization
- Data Security and Permissions
- Real-world Projects
- Certification Preparation

Cloud Technology

- Amazon Web Services
- Microsoft Azure
- Google Cloud Platform
- VMWare
- SalesForce

Internships

Computer Science & Engg

- Website & Content Development
- Machine Learning And Data Science
- Android App Development
- Backend Web Development
- Core Java And Selenium

- Adv Excel, VBA And SQL
- Digital Marketing
- Marketing, HR And Finance
- Tally

Mechanical Engg

Civil Engineering

Spoken English Training program

- Business communication
- Interview succes
- Leadership communication
- Team collaboration
- Body Language
- Group discussions
- Problem solving talks

Academic Projects

Academic Projects

- Projects By Degree
- BCA Final Year Projects
- B.E Final Year Projects
- B.Tech Final Year Projects
- MCA Final Year Sojects
- B.Sc Final Year Projects
- M.Sc Final Year Projects

Embedded Projects Domain

- Machine Learning
- Artificial Intelligence
- IoT
- Micro Controllers
- (Raspberry Pi / Arduino / ARM Processor / Matlab/VLSI)

Software Projects Domain

- Java
- Machine Learning
- Artificial Intelligence
- Block Chain
- Data Science
- PHP

Technology We Cover

- Android
- .NET
- Java/JEE
- Python
- Embedded Systems
- IoT
- Wireless Communication

Potential Roles

Once you've successfully finished GQT training, you'll be ready to succeed in IT & Non-IT Industries, taking up positions like follows:

Master Track 1

(Java Stream)

- Java Developer
- Software Engineer
- Software Developer
- UI/UX Developer
- SQL Developer
- Full Stack Engineer
- Test Engineer
- QA Analyst
- Software Tester
- Automation Testing Engineer
- Database Developer
- Database administrator
- Web Developer
- Data Analyst

Ethical Hacking

- White Hat Ethical Hacker

Salesforce

- Salesforce Admin

Master Track 2

(PythonStream)

- Python Developer
- Software Engineer
- Software Developer
- UI/UX Developer
- SQL Developer
- Full Stack Engineer
- Test Engineer
- QA Analyst
- Software Tester
- Automation Testing Engineer
- Data Analyst
- Database Developer.
- Back End Developer
- Data Scientist
- Web Developer
- Technical Support

CCNA

- Network Engineer

CCNP

- Sr. Network Engineer

MBA Courses

- HR Strategies
- Talent Acquisition
- On boarding Formalities
- Induction & Introduction
- Training & Development
- Performance Management
- Organization Development & Behavior
- Leave & Attendance
- Payroll
- Statutory Compliance & Audit
- Exit Process
- HR Operations
- Employee Engagement & Budget
- Policy & Procedures

DevOps

- DevOps evangelist
- DevOps release manager
- DevOps automation architect
- DevOps software developer/tester
- DevOps experience assurance (XA) professional
- DevOps security engineer

Data Science

- Data Scientist
- Machine Learning Engineer
- Machine Learning Scientist
- Applications Architect
- Enterprise Architect
- Data Architect
- Infrastructure Architect
- Data Engineer
- Business Intelligence (BI) Developer
- Statistician
- Data Analyst

Amazon Web Services

- AWS Developer

Data Analytics

- Data Analyst
- Data scientist
- Business Analysts
- Data engineer
